Hi,

My name is Miss Clarke and I can't wait to join Stockton-on-the-Forest Primary School in September.

I live with my daughter, who is only three, with my partner in York. She loves to run... so I'm running too. She loves to cycle... so I'm having to run even faster! It's a good job I love running, and I'll certainly be up for a race in the playground if you are. I'm quite a sporty person so you'll probably see me on my bike, swimming or going for a run in and around York. What's your favourite sport? Are you in any teams?

Although I've been teaching for ten years, I haven't always been a teacher. I first began my career as an artistic director, which sounds incredibly fancy, but I was essentially someone who wrote plays and put on performances. Drama and writing are two of my favourite things in life, and I hope we get to write a play together or put on a performance. Either way, we'll certainly be doing drama in English and having lots of fun! I've been known to use quite a few silly props in the classroom, so I hope you like a bit of silliness. My class recently wore quite a crazy red wig when they pretended to be Boudicca whilst reading out their speeches. If we learn about the Romans, I might have to get this wig out again! Do you like performing? Have you been in any performances?

I hope you all have an amazing summer, and I can’t wait to hear what you’ve been up to in September.

Best wishes
Miss Clarke
